OHIO MAN IN TROUBLE

Steps Taken to Save the Life of Dr. Wilson, a Young Physician.

JOINED A FILIBUSTERING PARTY.

He Is Under Arrest at Bluefields and Narrowly Escaped Death at the Hands of Nicaraguan Authorities.

Washington, July 23.—The state department has taken active steps to save the life of Dr. Russell Wilson, a young Ohio physician who is held under arrest at Bluefields by the Nicaraguan military authorities. Wilson was a member of a filibustering party which made a landing near Monkey Point, about four miles from Bluefields. Most of the party were captured owing to the inability of the commander of the expedition to land reinforcements on account of the heavy weather, and among the number was Wilson. The Nicaraguan general was about to execute him summarily, but was induced by the pleas of some of the English speaking people of Bluefields to allow the law to follow its course. This meant a trial by court martial; and it is the understanding that a death sentence was almost inevitable.

Wilson lives at Milan, Ohio, and Senator Hanna has interested himself in his case. Acting Secretary Hill telegraphed to the United States consul in San Juan Del Norte to make an immediate investigation and report the facts at once, not only to the department but also to Senator Hanna.

In addition the consul was directed to use his good offices with the Nicaraguan authorities in favor of young Wilson, as Senator Hanna has represented that he was not a combatant, but was attached to the revolutionary expedition in a medical capacity.

The department never has been informed officially of the facts connected with Wilson's capture, and in this case is acting entirely on Senator Hanna's representations.

Dr. Wilson graduated from the Starling Medical college at Columbus, O., where his aunt, Mrs. M. L. Setterfield, lives.

Transfer of Mackay's Property.
San Francisco, July 23.—James L. Flood and G. W. McInerney have filed for record deeds signed by the late J. W. Mackay for all the real estate which the latter owned in this city at the time of his death. They are drawn in favor of his wife, Marie Louise H. Mackay and his son, Clarence W. Mackay, who will share alike in all respects and in the three parcels of real estate transferred the conditions in the two is love and affection and in the third a nominal sum is named. Mr. Mackay's purpose in signing the deeds and entrusting them to Flood, his old time friend, was, it is thought to make easier and less expensive to his heirs, the administration of his estate.

Shallow Water.

New Orleans, July 23.—Lieutenant Foster, in charge of the New Orleans branch of the United States hydrographic office, reported to Washington that a recent survey of the Gulf of Mexico near the mouth of the Mississippi river shows only 25 fathoms of water, where there was 60 fathoms at the time of the previous survey. Lieutenant Foster is puzzled over the phenomena. Many believe that it was caused by volcanic upheavals the result of the recent earthquakes in the West Indies, while others think it is caused by a deposit of silt from the Mississippi river. As a result of the discovery the government probably will order a new survey of the entire Gulf of Mexico.

Church Prelates For Philippines.
Rome, July 23.—Besides an apostolic delegate for the Philippine islands, the vatican is preparing to appoint an archbishop of Manila, who will probably be Bishop Sebastian Gebhard Messmer, (a Swiss) professor of canon law at the Catholic university in Washington since 1890. Three new Philippine dioceses will also be created. Governor Taft before starting for Naples to visit Pompeii and Mount Vesuvius, expressed a desire that the bishop of one of the new dioceses be a native Filipino.

Price of Lunches Raised.

New York, July 23.—At a meeting of quick lunch proprietors of this city it has been decided to raise the price of beef and beans and ham and beans from 10 to 15 cents, the advance to take effect on Aug. 1. It was also resolved to form a quick lunch protective association to meet monthly and consider prices.

COOKRELL'S DEATH.

A Prolonged Feud Expected as Result of the Murder.

Lexington, Ky., July 23.—James Cockrell of Breathitt county, who was brought here from Jackson mortally wounded, died a few hours later. He was shot from the court house window at Jackson by an unknown assassin. Friends who accompanied the wounded man here say they fear his death will be a signal for a prolonged and disastrous warfare. Cockrell was preparing to leave Jackson to get out of the feud when the fatal shots were fired. He was the town marshal of Jackson.

A report has reached here that the wholesale store of William Jett was burned at Jackson by unknown incendiaries. Jett is a relative of Curtis Jett, with whom James Cockrell, who died here, got into a shooting affray in Arlington hotel Monday week ago at Jackson. The burning of the store puts another alarming phase on the feud relations. There is talk here among the members of the party who attended Cockrell to this city of going to Frankfort and laying the situation before the governor and ask state interference.

DOUBLE TRAGEDY.

William Filer Kills His Wife and Harry Bennett, a Barber.

Harrisburg, Pa., July 23.—William Filer, a steel worker, shot and killed his wife, Clara Filer, and Harry Bennett, a machinist, at Steelton, near here. The Filers and Bennett boarded at the same house and it is alleged Filer was jealous of Bennett's attentions to his wife. The parties had a bitter quarrel during the night and Filer left the house. He returned and the quarrel was renewed. The husband drew his revolver and shot Bennett, killing him instantly. Mrs. Filer ran into the street followed by her husband, who shot her through the heart. She died while being carried into the house.

The murderer escaped and is still at large.

Filer and Bennett were employed at the Pennsylvania Steel works and have lived at Steelton but a short time. They are not well known in the community and no one seems to know where they came from.

A Double Hanging.

Greenville, Miss., July 23.—Ashley Cooke and Tom Lauderdale were hanged. On the morning of Dec. 30, 1901, Ashley Cooke, Tom Lauderdale, Will Blackburn and G. M. Phipps boarded a Yazoo and Mississippi passenger train at 3 a. m. for the purpose of returning to their home at Shelby. G. M. Wray, an engineer, was a passenger on the car entered by Cooke and his party. Cooke and his three companions were all under the influence of liquor. Phipps fell against Wray, who was asleep. Wray asked Phipps what he meant and the reply came from Cooke that he meant that he (Wray) must leave the coach. As Wray started to walk out, Blackburn said to Cooke: "What shall we do with that fellow? He says that he has done nothing but is willing to apologize." "I vote to kill him," replied Cooke. Cooke, Lauderdale and Blackburn then began shooting at Wray as the latter was trying to leave the coach. Wray was riddled with bullets and fell dead in the aisle of the car.

Too Much Rain.

Washington, July 23.—The weather bureau's weekly summary of crop conditions is as follows: The lower Missouri and upper Mississippi valleys and lake region have continued to suffer from excessive rains, which have also interrupted farm work in the Ohio valley. Much injury to crops and other property has resulted from overflows in Iowa and portions of Illinois, Missouri and Michigan. Drought has been largely relieved in the southern states, but extensive areas in that section are still much in need and especially the northern portions extending from Oklahoma eastward to the Carolinas.

An Attack Expected.

Cape Haytien, Hayti, July 23.—The local authorities here have notified the consular corps that Cape Haytien is to be attacked by land and sea and that they cannot guarantee the safety of foreigners. The consuls have requested that the French cruiser D'Assas now at Port-Au-Prince be sent here, but the French minister there has replied that the situation at Port-Au-Prince does not permit the sending of the cruiser to Cape Haytien.

Cole Wins.

London, July 23.—The first stage of the shooting for the king's prize at Bisley was completed. Lance Corporal Cole of the Dorset regiment was the winner of the National Rifle association's bronze medal with a score of 103.

THE OFFICIAL NOTICE.

Governor Nash Issues His Proclamation For Special Session.

OHIO STATESMEN ASKED TO MEET

The Chief Executive Has an Important Message to Send to the Members of the Seventy-fifth General Assembly.

Columbus, O., July 23.—Governor Nash issued his proclamation for the special session of the legislature. It is as follows:

By virtue of the authority vested in me by the constitution of the state of Ohio, I, George K. Nash, governor of said state, do hereby require the Seventy-fifth general assembly of Ohio to convene at the state house in Columbus at 3 o'clock p. m., on Monday, Aug. 25th, A. D., 1902, then and there to receive a message from the governor, stating to both houses the purposes for which they have been convened, and to take such action upon the matters therein suggested as may be proper and wise.

In testimony whereof, I have hereunto subscribed my name and caused the great seal of the state of Ohio to be affixed at Columbus, the twenty-second day of July, A. D., nineteen hundred and two.

GEORGE K. NASH.

By the Governor.

LEWIS C. LAYLIN,

Secretary of State.

It will be noted that the session begins at 3 p. m. on the 25th, instead of 10 a. m. as usual.

The Reids in Scotland.

London, July 23.—Mr. and Mrs. Whitelaw Reid returned to London after a tour of Scotland. Mr. Reid went by rail, meeting the remainder of his party at Skibo castle, Sutherland, the seat of Andrew Carnegie, to which they had journeyed from London in an automobile. Mr. Carnegie, who is in excellent health, invited a large house party to meet Mr. and Mrs. Reid and on their departure he drove them 10 miles to the railroad station in the four in hand coach with which the late James G. Blaine made his tour of Scotland. Mr. and Mrs. Reid will sail for New York Saturday, July 26. They have canceled most of their engagements, but will dine at Lord Rosebery's residence.

Will See Jeffries.

San Francisco, July 23.—Oakland business men will be given an opportunity to see James J. Jeffries travel eight rounds with his brother Jack and Joe Kennedy, who is assisting the big man in his training work. The exhibition will take place at the Reliance club and admission will be by card. Once more Manager Delaney announces that his protege is in the finest fettle and will climb through the ropes Friday night fit to fight for a reputation. Jeff is alternating in his days of heavy work. To avoid the "stale" condition he goes at his work like a Trojan on one day and on the next relaxes somewhat.

Ward Made a General.

Washington, July 23.—Col. Thomas Ward, chief of staff to General Miles was appointed a brigadier general in the regular army, vice Jacob Smith, retired. General Ward himself will retire in the course of a day or two, when Colonel Joseph Sanger, inspector general's department, now in the Philippines, will become brigadier general. General Fred D. Grant, at present in the Philippines, has been tendered the command of the department of Texas and it is thought here he will accept it. This is the department to which General Smith originally was assigned.

Inhabitants Frightened.

Kingstown, Island of St. Vincent, July 23.—There was another severe earthquake here Monday. It was of long duration and was accompanied by a repetition of the phenomena of Thursday last. The shock caused intense excitement among the inhabitants, who fled in their night clothes into the streets and remained out of doors until daybreak. Partially demolished buildings are being pulled down for public safety. There was a thunderstorm also. Some people anticipate a tidal wave.

Will Be Buried in Ohio.

Chicago, July 23.—William T. Bryant, a writer of songs and sketches, and well-known on the vaudeville stage, is dead at St. Joseph's hospital of consumption. He was 50 years old. The remains will be taken to Dayton, O., for burial.

Death of General Wikoff.

Columbus, O., July 23.—General A. T. Wikoff, 76, prominent in Ohio politics, died here.

KENTUCKY CROPS.

Wheat Better Yield Than Expected—Corn in Fine Condition—Tobacco Doing Well in Burley Section.

[Weekly Bulletin of Weather Bureau July 22.]

The weather was generally dry and very warm until Saturday and Sunday, when good showers visited nearly all portions of the State. This was followed by a decided cool wave Sunday night. The rain was very badly needed in many localities, and was of great benefit to all growing crops.

Wheat threshing is about completed. The yield is a little better than was expected, but somewhat more than half an average crop and of very good quality.

Corn is in excellent condition and promises a large crop.

Tobacco is doing well in the central and north-central portions of the State, but is not making a satisfactory growth in the southern and western counties.

Oats have been harvested in most places and a good crop is reported. Hay cutting is about over, a fair crop has been secured in good condition.

Apples are falling badly and will be a light crop. Peaches are almost a failure. Blackberries are scarce.

Gardens have suffered from drought in the southern and western counties, but are in fine condition in the north and east. Irish potatoes are in splendid condition.

Chinch bugs are injuring corn a little in some localities, but no serious results are expected.

GOT 'EM GUSSING.

Railroad Officials Discussing a Recent Move On the Part of L. and N. Directors.

LOUISVILLE, KY., July 21.—The chief topic of discussion in railroad circles is the action taken recently by the Louisville and Nashville railroad directory in formally accepting all the provisions of the new Constitution of Kentucky. This was decided on at the last meeting. The Constitution has been in effect eleven years, but during all that time the L. and N. has clung to its charter granted prior to the act of 1854, and therefore constituting a legislative contract which is irrepealable. The charter has been a great advantage to the company.

The action of the directors in rendering this charter and placing the road on a basis with all other roads with the regulation charter is a source of surprise. No one can understand or even offer any good reason for so radical a step. The advantage in it cannot be seen.

Some think it a preliminary step to the ultimate consolidation or merger of the L. and N. and Southern, but this explanation is by no means satisfactory. The step is considered very significant, however difficult it may be to understand.

CATHOLIC STATISTICS.

Number of Churches, Missions, Priests and Members in the Covington Diocese According to Last Report.

Ward Made a General.

Washington, July 23.—Col. Thomas Ward, chief of staff to General Miles was appointed a brigadier general in the regular army, vice Jacob Smith, retired. General Ward himself will retire in the course of a day or two, when Colonel Joseph Sanger, inspector general's department, now in the Philippines, will become brigadier general. General Fred D. Grant, at present in the Philippines, has been tendered the command of the department of Texas and it is thought here he will accept it. This is the department to which General Smith originally was assigned.

The contents show that the diocese contains a Catholic population of 50,000 in an area of 17,285 square miles. There are 78 priests in the diocese, 48 churches with resident priests, 29 mission churches, 63 stations and 8 chapels.

Thirty-six parishes have parochial schools; there are 2 high schools for boys, 7 academies for young ladies, with a total of 8,000 pupils attending these institutions. There are 2 hospitals that received 1,152 patients during the past year.

During the same time there were 1,753 baptisms in the diocese, 489 marriages, 120 mixed marriages and 1,040 deaths.

It is estimated that there are 9,600 Catholic families in the diocese.

A Lively Convention.

St. Joseph, Mo., July 23.—The Democratic state convention for the nomination of two railroad commissioners and superintendent of public instruction, was called to order in the Lyceum theater. For an "off year" this is one of the most important conventions held in the state, made so by the fact that a wrangle of considerable proportions has sprung up between the state administration and a faction known locally as the "anti-state house" crowd. This element is headed by Frank P. Walsh of Kansas City, who is making a crusade against lobbying. Walsh hired the Tootle theatre and held an immense meeting, the feature of which was a speech denouncing Governor Dockery. Secretary of State Cook and Chairman Cook, chairman of the state central committee, Walsh openly charges that the legislature is controlled by the corporations in return for campaign contributions. Governor Dockery is here in person and is working desperately to eliminate the Walsh faction.

King Begins to Walk.

London, July 23.—The weather was less disagreeable at Cowes, Isle of Wight and the reports from the royal yacht Victoria and Albert continue to chronicle King Edward's improvement. It is said that he walked a few steps. The king will hold his first council meeting since A. J. Balfour became premier on board the yacht shortly. It is expected that the name of the new lord lieutenant of Ireland to succeed Earl Cadogan, whose resignation was made public July 1, will then be announced.

Once Upon a Time

A Hard Customer bought some hickory nuts of a youthful vendor, thinking she had "struck a bargain" because they were "cheap." Finding them mouldy, the old lady complained to the little merchant that they were "not what they were cracked up to be."

That's similar to the experience of some Shoe customers. Attracted by ridiculously low quotations, they find, after trial, that their purchases are "hard nuts," and often worth little more than the paper they were wrapped in.

We would have it distinctly understood that while our Shoe offerings just now are in the nature of bargains, Men's lines having been reduced to \$3.00 that earlier in the season sold at \$3.50; \$4 and \$4.50, the goods are exactly what they are "cracked up to be," and your inspection is invited to verify this statement.

CHILDREN INJURED.

An Exciting Runaway Accident on East Fourth Street Tuesday Afternoon.

Mr. Charles T. Breeze and family, whose home is between Rectorville and Ruggles camp ground, were returning from a visit to Mrs. Breeze's relatives near Ripley Tuesday afternoon when they met with an accident, resulting in the injury of all the children, one of them seriously.

Mr. and Mrs. Breeze and the five children were driving east on Fourth street in a surrey, when one of the front wheels came off near R. A. Carr's flour mill, throwing Mr. Breeze out and causing the horse to run. Mr. Breeze held to the lines as long as he could, but the frightened animal got away from him. As the horse turned into Plum street the other front wheel was torn off, and Mrs. Breeze and children were thrown out violently on the rough rock.

One of the little daughters was most seriously hurt, her scalp being torn loose, her head and face bruised and a small piece of rock forced into her skull. One of the other children had an arm sprained, and all in the vehicle were bruised and badly shaken up. Drs. Reed and Brand dressed their injuries.

The runaway horse was caught near the Baptist Church on Market street.

Mr. Breeze secured another vehicle and later in the day took his wife and children home.

The runaway caused great excitement and attracted a large crowd. Two or three persons fainted at the sight of the bleeding children.
